HOW IT STANDS

Gov. Bradley Being Heartily Indorsed For President.

GOOD THING—PUSH IT ALONG.

Out of 14 Counties Kentucky's Son Gets Instructions in 9.

FACTS KNOCK OUT FAKES.

Judging by the cold facts there is a good deal of fiction in the newspaper "speculations" that the Kentucky woods are wide for Major McKinley, or any other man, in opposition to Governor Bradley.

Up to date 14 counties have held Conventions and named Delegates to the State Convention to be held in Louisville and to their several District Conventions, and of these 9 counties have instructed their Delegates to support Governor Bradley for the Presidential nomination at St. Louis.

The counties that have instructed for Governor Bradley, with the number of votes in each, are—

Adair.....	11
Bourbon.....	20
Campbell.....	47
Jessamine.....	12
Kenton.....	49
Mercer.....	19
Oldham.....	4
Shelby.....	13
Taylor.....	8
Total.....	183

The 3 counties that have instructed for Major McKinley, with the number of votes in each, are—

Carlisle.....	3
Callaway.....	5
Muhlenberg.....	14
Pennellton.....	13
Trigg.....	11
Total.....	50

For Governor Bradley.....183
For Major McKinley.....50

Majority for Bradley.....133
It will require a good many special dispatch "fakes" to overcome this ratio.

Millinery Opening Wednesday, Thursday and Friday at the Bee Hive.

The Sixth Ward Public School has closed for a couple of weeks on account of measles. In one teacher's room, out of a scholarship of forty, there are thirty-two down with the disease.

Mr. J. W. Lawwill, who formerly resided here and whose wife is a daughter of the late Captain William H. Holmes, is now a successful merchant at Vanceburg.

The Oddfellows of Vanceburg are making great preparations for the coming anniversary celebration at that place on the 27th of April. The Lodges of Concord and Tolleboro will join in the event, and a number of visitors are expected from other parts of the state. Two years ago the county celebration was held at Tolleboro, last year it took place at Concord and this year Vanceburg will endeavor to outdo her sister Lodges in point of enthusiasm.

The Christian Endeavor Society of the Central Presbyterian Church organized a Society last night at Mitchell's Chapel in the Sixth Ward. Mr. J. M. Scott, President of the Second District Union, was present and conducted the exercises. There is a large field for this Society to work in, and it starts out with most flattering prospects of being a power, not only in the Church with which it is connected, but in the whole of the Sixth Ward. The officers elected were—President—Robert Thompson.
First Vice President—Miss Bettie Whittington.
Second Vice President—William Quinlan.
Treasurer—James Dawson.
Secretary—Miss Lula Young.

The bridge to be built over the Tennessee river at Knoxville is to be a remarkable structure in many respects. It is to be built entirely of pink marble from near quarries. At its highest point it is to be 130 feet above the water, and it is to have a roadway 50 feet wide.

DOCTOR DANIEL DRAKE.

The Great Physician Was a Native of Mason County.

Dr. James T. Whitaker, the eminent physician of Cincinnati, read a most interesting paper Wednesday evening last before the Unity Club of that city.

"Dr. Daniel Drake," he said, "was before his time, but he was a great writer, and writers are of all times. How true this is, and yet how little it is known."

"Dr. Drake was among the first adherents to the germ theory of disease."

"Dr. Randall said once of Drake that his ashes in the cemetery of our city shored him more than the pulchres of our merchant princes."

"But, as in the days of old, which the gladiators entered the arena, they had first to make salutation to Cæsar, so any medical man who thinks of Cincinnati, thinks first of Daniel Drake, and the writer who would discuss the diseases of the Mississippi valley must first pay tribute to Dr. Drake."

He also spoke highly of Dr. John Morehead and of Dr. Goforth Drake's teacher. Morehead was an Irish gentleman of the old stock who died a baronet on his estate.

He said Dr. Drake was King above all in practice, and that his valedictory address delivered to the class of his seniors had become part of the medical history of Cincinnati.

Dr. Daniel Drake was a near relative of the correspondent sending Tux Ledger this account, and he remembers his visits to his father's house when a mere lad, the Doctor having been a native of this county.

Dr. Morehead was also a first cousin of the writer's father.

Dr. Goforth moved from Washington to Cincinnati, where he also became eminent in medicine.

Princesses Kikoumiki and its can hardly be said to be up to date, as they lived in Egypt some 5000 B. C., but their mummies, recently discovered by M. de Morgan, proved that however variegated matting women may be according to Virgil they have ever loved the jeweler, as the jewels of the two princesses in the shape of diadems and necklaces are exceedingly beautiful and in workmanship equal the best of modern times.

Men's Tan Shoes. B, C, D Widths

First-class Styles and cuts from the best of stock.

J. HENRY PECOR.

Andrew Stafford has probably the most intelligent dog in Bar Harbor. Floosie is a black and tan spaniel. A day or two ago Mr. Stafford found, upon driving to the wharf, that he had taken along a broom from the barn. He called Floosie, and in the presence of a crowd led her to carry the broom back to the stable, a quarter of a mile away. A broom is an awkward thing for a dog to carry in its mouth, but she trotted back to the stable carrying the broom between her jaws, avoiding pedestrians and poles.

Not to Be Mistaken With.

An accident never leaves a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied. There is no knowing where the trouble will end, and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year, which are in a little judicious exposure and seemingly trifling symptoms. Beyond this there are today countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected. When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effective, 25 and 50 cent bottles for sale by J. James Wood, Druggist.

WE'RE FOR AMERICA! AMERICANS!

BRADLEY!

Kentucky's Own Son for President.

BRADLEY'S CURRENCY PLATFORM.

"I am opposed to the free and unlimited coinage of silver, believing it would destroy all National property. The gold dollar is the best dollar, and I am in favor of nothing else other than the gold dollar to be in circulation. I am the friend of silver, and I believe it can be best protected by holding its value in such bonds as will insure its parity with gold on a repurchasing method."

W. O. BRADLEY.

After all, Mason is the "Banner" county of the Ninth District. She cast the largest vote for Governor BRADLEY last fall.

HARRISON county has thirteen candidates announced for County Clerk, subject to the action of the Democratic primary, and a like number for the other offices. And yet, if our believes what he sees in the Democratic papers, it is Republican only who seek office.

Brethren nominating a candidate for Congress, the Ninth District Congressional Convention, which is called to meet in this city on Tuesday, April 11th, at 10:30 a. m., will select two Delegates to the National Convention at St. Louis, one District Elector and one member of the State Central Committee, one Vice-President, one member of the Committee on Resolutions, one member of the Committee on Credentials, one member of the Committee on Permanent Organization, one member of the Committee on Rules and Order of Business, and transact such other business as may properly come before it.

Hi, y!

Look here:

Fire and fizzle.

Geewhiz.

Who'd a think it?

Thought it was only Republican Administrations that gave away whole jobs of Government land to railroad corporations!

And here is one of Mr. CLEVELAND's hired men approving a bill handing over 1,300,000 acres—just think of it, one million three hundred thousand acres—of Uncle Sam's public domain to three rascally railway monopolies!

But here's the tell-tale telegram:

"WASHINGTON, March 30th. Secretary Hoke Smith today approved the land grant conveying to the Northern Pacific, Southern Pacific and Central Pacific Railroads about 1,300,000 acres of land in North Dakota, Montana, Idaho and California."

Just think how many farms this would have made for the "actual settlers" that our Democratic friends are so much concerned for!

All last winter Mr. George A. Mills of Lebanon, Conn., was afflicted with rheumatism. At times it was so severe that he could not stand up straight, but was drawn over on one side. After using it for three days my rheumatism was gone and has not returned since." For sale by J. James Wood, Druggist.

The world's supply of sticky fly paper comes from Grand Rapids, Mich. There are three or four small factories scattered about the country, but none of them make enough to cut much of a figure in the market. The great producer is the single factory in that city, a big concern employing 400 to 500 hands all the year round, and its product is shipped to every land.

Centuries ago, people made no fear what they called the pestilence. "Black Death" was the most terrible thing in the world to them. They feared it as people now fear the Cholera and Yellow Fever. And yet there is a thing that causes more deaths than any of these. It is so common that nine-tenths of all the sickness in the world is traceable to it. It is merely that simple, common thing, constipation. It makes people listless, causes dizziness, headache, loss of appetite, loss of sleep, food breaks and distends the bowels in the world to them. A YARN

About Blackbarn and Bronson spun by the Louisville Sunday Star.

LOUISVILLE, Ky., March 30.—The Sunday Star printed a story which was to the effect that Bronson's support of Blackbarn in the recent affair at Frankfort was nothing more or less than the result of a star chamber deal at the capital, by which Bronson was to head the state ticket at the next election. According to the Star the deal was this:

If "Sound Money" Bronson would agree to throw his best efforts to the support of Blackbarn the senator in turn would do his best to elect Bronson chief magistrate of the state. A Fireman Knocked From the Ladder by a Burst of Flames—A Woman Leaps From a Window—Others Suffocated by Smoke.

New York, March 30.—Four persons were killed and two injured early Sunday morning in a fire at No. 374 Hudson street. The building is a three-story brick house used for dwelling and store purposes. The upper two floors sheltered four families. The dense smoke deterred most of the tenants from descending the stairways. Miss Margaret Ryan, 60 years old, with a companion, Miss Kate Higgins, ran to the fire. A fireman on a ladder to rescue the women was knocked off by a burst of flame shooting from a second story window and was badly injured. The women then became hysterical, Miss Ryan leaping from the window. She fell on the sidewalk and was killed. Her companion, who fell out of the window and broke her leg. In Madison county the following resolutions were offered in jest, but was taken seriously and passed without dissent: "Resolved, That we congratulate our worthy chief executive, Hon. Grover Cleveland, upon his newly acquired reputation as a successful duck hunter and that we greatly regret he has not given more time to waging an unending war upon the flocks of threatening and dangerous ducks in the state's canals, bays and less time to co-operating with foreign money lenders for increasing the loaded indebtedness of our country by the issue of more currency. Resolved, That we support the national issues of interest-bearing bonds, payable only in gold."

DETROIT, Mich., March 30.—W. E. Streibinger, of Cleveland, O., committed suicide at the Randolph hotel here some time Sunday by taking poison. He had evidently been dead for some hours. A business card of Streibinger, of Cleveland, O., was found in his pocket. Streibinger was about thirty-four years old and was well dressed.

Anti-American Feeling in Spain.

New York, March 30.—A special cable from Madrid to the Associated Press says: Minister Taylor is rather worried over the action taken by the United States congress in regard to Cuba. The minister is very anxious to see the anti-American spirit in Spain. The decision of the government not to send a Spanish squadron to the Philippines has been met with much adverse criticism in official and other circles. No one appears to put any faith in the ministerial explanation of the decision. The minister has been very busy since his arrival at the end of the month, and those best informed state opinion that the ministerial explanation is to be lost for ever.
